

Job Title: Live Events 3D Visualiser
Department: Technical Services
Based: Hartlebury, Worcestershire, UK
Reporting to: Head of Production

REMUNERATION

Agreed as per contract of employment.

Bonus & pension contribution scheme as outlined in your contract of employment.

PURPOSE

To lead on the 3D design and visualisation process of set, stage and exhibition builds from brief through to concept design creation, 3D visualisation and production.

PRINCIPLE DUTIES

- Developing and advising on build solutions in collaboration with the wider Creative and Production teams
- To produce scaled drawings for presenting, costing and manufacturing purposes
- 3D modelling and photo realistic rendering of visuals of stage sets, experiential environments and exhibition stands
- Managing the end to end build design and visualisation process of each project
- Co-ordinating additional visualises from both internal and external resources to ensure a consistent level of service and visual quality
- Take an active role within the proposal response teams for client responses
- Ensuring designs and visuals adhere to client brand guidelines at all times
- Keeping up to date with the latest Industry trends
- To have a complete understand of build materials and budgeting constraints
- Design within current Health and Safety guidelines
- Manage database of stock imagery and bespoke visuals for future reference and use

This list is not exhaustive and you will be expected to work flexibly and undertake other such duties as the management may from time to time reasonably require.

EXPERIENCE

- Formal design education preferred
- Previous experience designing stage sets, experiential events and exhibitions
- The ideal candidate will have already gained a strong grounding within an agency environment where they designed for Live and Experiential events

SKILLS

- Good understanding of event planning and spatial layout practices
- Good understanding of Lighting Design of Live Events
- Capability of understanding and interpretation of technical drawings and detailed specifications
- Experienced user of Sketch Up
- Experienced user of Photo realistic rendering software such as 3D Studio Max or similar
- Knowledge of CAD platforms such as VectorWorks an advantage (Learning this software will be a requirement)
- Proficient user of Adobe Creative Suite (Photoshop)
- Illustration/sketching ability an advantage
- Ability to work collaboratively or independently to drive the design direction of our solution
- Ability to manage multiple projects and deadlines
- Good Organisational skills and to provide an adaptable approach to work
- Excellent design, interest in current trends and an eye for detail
- Ability to brief and oversee other visualisers when necessary

CHARACTERISTICS

- Must be committed to making 'Anything Possible' with a 'can do' attitude
- Effective communicator
- A Team player with a good sense of humour
- Willingness to learn new skills and develop existing ones
- High attention to detail

OTHER REQUIREMENTS

- Able to travel throughout the UK and overseas
- Driving licence
- Full Colour Vision

DATA SECURITY

At all times you must work within the guidelines set out in the **DRPG** Information Security Policy and your Employee Confidentiality Agreement. Failure to do so will be deemed as gross misconduct.

FURTHER NOTES

The role will be based primarily in our Worcestershire head office. There will be times when this role will require you to work from the company's other offices. You will be expected to work flexibly and undertake other related commercial duties both in the UK and overseas as the company may from time to time reasonably require.

At all times you must work within the guidelines set out in **DRPG's** Health & Safety Policy and Employee Manual.
